ALBANY RECOGNIZED FOR PERFORMANCE MANAGEMENT SUCCESSES

Washington, DC, July 13, 2012—The International City/County Management Association (ICMA) is pleased to announce that Albany, Ore., is being recognized for superior performance management efforts with a Certificate of Excellence from the ICMA Center for Performance Measurement™ (CPM). Albany is among 26 jurisdictions receiving this highest level of recognition this year.

“The certificate program recognizes the principles of performance management,” said Wayne Sommer, acting director of CPM. “Jurisdictions meeting the qualifications have demonstrated leadership in continuous improvement and community engagement, and they serve as examples for other governments to follow.”

The certificate program assesses a local government’s performance management program and encourages analysis of results by comparing to peers and gauging performance over time. Performance management aids in cost reduction, program prioritization, and quality improvement. It also encourages accountability and transparency. Certificates are awarded at the levels of Achievement, Distinction, and Excellence.

Criteria for the Certificate of Excellence include:

- Reporting of performance data to the public through budgets, newsletters, and/or information provided to elected officials
- Data verification efforts to ensure data reliability
- Staff training
- Use of performance data in strategic planning and operational decision-making
- Sharing of performance measurement knowledge with other local governments through presentations, site visits, and other networking
- Commitment to tracking and reporting to the public key outcomes
- Surveying of the both residents and local government employees
- Effective and timely reporting.
